Lucknow,India

CAREER OBJECTIVE

I'm a self-motivated undergrad looking for dynamic roles in the creative and technical domain. My branch of engineering would help me establish strong fundamentals of electronics. I also have prior knowledge of programming in C/C++ and Python. I wish to integrate my knowledge of both the hardware and software to create powerful applications/services which will make an impact on the world. I hope to enhance my industry experience by working with experienced professionals. I would deliver my best to the organisation.

CORE COMPETENCIES

- Python
- Javascript

- C++
- Adobe Illustrator

PROFESSIONAL EXPERIENCE

Samsung Prism, India
Intern, Jun 2021 – Present

- Working on a project based on Information Extractor and Representor of Semi-Structured data.

- Also learned essentials modules like Encoder Module, Decoder Module, LSTM, Encoder and Decoder Modules, GRU, Multi Head Attention and Transfromers.

- Leading towards text generation from knowledge graphs.

Hustle Creatives, Delhi
Developer and UI/UX Design Intern, Feb 2021 – present

- Analyzed current UI/UX design trend to full-fill company requirement and design accordingly.

- Collaborated with different developers in a common project for group development of an app and a website.

- MERN Implementation.

JPMORGAN CHASE AND CO.
Software Eng.. Virtual Intern, Apr 2020

- Worked on a mini project with hypothetical data about stocks to help traders identify potential trade strategies.

- Also learned about JPMorgan Chase's own open sourced software called Perspective which is used for data visualization and analysis.

SKILLS

- C/C++ Programming
- Python Programming
- MERN
- JavaScript
- TensorFlow

- Keras
- SQL
- Bootstrap
- Graphic Designing
- Node-Red

HIGHLIGHTED PROJECTS

- PREDICTO – A HEALTH PORTAL AND PORTABLE DEVICE
  IOT based health monitoring system using ESP8266 and Arduino, Feb 2021 - Jun 2021

- Colorize
  PHP and MySQL based work prioritizing website, Aug 2020 - Dec 2020

EDUCATION

Vellore Institute of Technology, Chennai
Bachelor of Technology, Electronics and Computer Engineering, Expected May 2023
- CGPA: 8.68/10.0 (Current)

Kautilya Senior Secondary School, Kota
- Senior School Certificate Exam: 94.5%

GUIDING WORKS

Enactus VIT Chennai
- Creative Lead
- Web Developer

VIT Chennai
- Member in Web Development Team
- Member in Design Department

ADDITIONAL

Certifications
- Interfacing with the Arduino
- AI for Everyone
- Introduction to Big Data
- Introduction to the Internet of Things and Embedded Systems
